

Interrogatory II Answer

(It is presumed that Interrogatory 2 at page 5, line 25-26 should read "...every person who has knowledge of the facts stated in response to Interrogatory No. 1".) I am the only person who would have knowledge of the entirety of the acquisition of the defendant \$75,551. However, many people can attest to my business of buying and selling automobiles. Such people include my wife, my business associates, and clientele. (See names listed in Exhibit 1)

Interrogatory III Answer

I am self-employed as an independent automobile salesperson. I have had no employers since January 1, 2002.

Interrogatory IV Answer

I have no official job title. I buy automobiles, usually from auction. On some automobiles I make repairs or have repairs done on the automobiles by other people. Then, I resell the automobiles to private persons. (See Exhibits 1 and 2)

Interrogatory V Answer

Many records of the dates of transactions in my business are missing or lost. In addition, answering Interrogatory No. 5 demands a retracing of a multitude of transactions, each for different amounts, with different buyers, and at nonscheduled times. Such a request is overly burdensome. However, I have made efforts to

1 collect the paper work that I have on a number of automobiles which I have sold.
